ABOUT ME

A focused and dedicated BSIT graduate with Cum Laude honors, who prefers working in concentrated environments where attention to detail and deep technical proficiency are valued. While naturally reserved, I am highly observant and thorough in my work, ensuring code quality and system efficiency. I believe in letting the quality of my work speak for itself and thrive in roles requiring precision and independent problem-solving.

WORK EXPERIENCE

TechSolution Inc.
Butuan City
March - May 2023

Programming Intern

During my internship at TechSolutions Inc., I worked effectively in a focused development environment where I primarily contributed to code debugging and maintenance tasks. I successfully completed independent assignments on module development with minimal supervision and demonstrated strong concentration skills during extended programming sessions, which enhanced my technical proficiency and attention to detail.

EDUCATION

Caraga State University
